DESCRIPTION

Contact us for expedited shipping options.

Have you ever considered stainless steel tables as the 'stand-by' of equipment? Think of it. Maybe you are waiting and saving for that next big oven, grill or refrigerator, but you still have plenty of room for a lesser expensive piece? Investing in several low cost tables during this time can be of immense benefit, especially considering that you never know when you need to have a spare table on hand. Green World's TSW-3060SS stainless steel tables are perfect for a restaurant's food preparation, storage, or as a holding area, as well as homes, garages, workshops, or store

Henny Penny OFE323.05 Electric Fryer - (3) 65 lb Vats, Floor Model, 208v/3ph

Retail Price: \$27,383.00

\$19,168.10/ Each

Henny Penny OFE323.05 Description

To maximize throughput, the Henny Penny OFE323.05 open fryer features three 65-pound vats equipped to fry chicken, mozzarella sticks, french fries, and other breaded favorites. Operators can adjust and manage vat temperatures and cooking time using the Computron™ 1000 system, which displays pertinent information on its LED panel. Elements heat the vats efficiently, and as oil temperature drops when frozen or cold foods are added to the wells, they raise temperatures to programmed levels quickly to reduce lag time and save energy. To boost product taste and prolong oil life, its cold zone traps sediment, preventing it from carbonizing, while its built-in filtration system filters and returns hot frying oil within minutes to eliminate time-consuming manual filtering.

The Henny Penny OFE323.05 electric floor-model fryer includes six half baskets with coated handles that reduce heat transfer for user safety. Basket supports stabilize these baskets in place during frying, and their simple set-and-release mechanisms streamline insertion and removal. For high-volume use, this sturdy stainless steel unit resists rust and corrosion and can be wiped clean. It measures 49.38 inches wide by 37.38 inches deep by 44 inches high overall and is furnished with four heavy-duty swivel casters—two of which are locking—to simplify maneuvering when cleaning or maintenance is required.

Product Details

Open fryer configuration

(3) 65-lb. rectangular wells

3 basket supports with set-and-release mechanisms

Each well includes 2 half baskets with coated handles

Computron 1000 control with LED time and temperature display and up/down arrows
